## PERMIT APPLICATION PROCESS NOTICE

### Swimming Pool Program

Steps required to obtain a bathing permit/approval are as follows:

1. Submit complete application along with applicable application fees.
2. After reviewing plans, the Department will issue you an approval to remodel document that includes construction and inspection requirements.
3. Request required progress inspections (if any) using the attached form, and obtain Department approval.
4. When construction is complete and ready for final inspection, submit an inspection request form and a completed notarized construction certification form, using the attached form.

The Department will approve or deny the remodel application in 93 business days or less for a complex remodel or fence remodel and in 52 days or less for a simple remodel, excluding any days the application is returned to the applicant for additional information. This overall licensing timeframe is set by delegation agreement between the Department and the Arizona Department of Environmental Quality.

You may request a clarification from the Department of its interpretation or application of a statute, ordinance, regulation, delegation agreement or authorized substantive policy statement as provided in A.R.S. §11-1609. Contact us by e-mail or telephone, in person or mail at the address listed at the top of the page, marked attention Swimming Pool Program.

*In addition to obtaining a permit from Maricopa County Environmental Services Department, it may be necessary to obtain a building permit from your local municipality or Maricopa County Planning and Development Department for unincorporated property.  
Please contact these entities for additional information.*

**REGULATORY AUTHORITY**

The Maricopa County Environmental Services Department (MCESD) regulates Public and Semipublic Pools and Spas under Delegation Agreements with the Arizona Department of Environmental Quality (ADEQ) and the Arizona Department of Health Services (ADHS) as authorized by the ARIZONA REVISED STATUTES (ARS) 49-107: Local delegation of state authority. The Delegation Agreements between the County (MCESD) and the State simply authorizes the County to regulate Public and Semipublic Pools and Spas using the State’s regulations in addition to the county’s own regulations (the Maricopa County Environmental Health Code (MCEHC)). However, any changes or comments concerning the state regulations should be addressed to the state (ADEQ, ADHS) as only those departments can effect changes to the state regulations, which they promulgate and administer. The Two State Arizona Administrative Codes (AAC) administered by MCESD are R18-5-200 (ADEQ) and R9-8-800 (ADHS).

In addition to regulating Public and Semipublic Pools and Spas by administering State of Arizona rules and regulations, MCESD also regulates Public and Semipublic Pools and Spas by administering the **MARICOPA COUNTY ENVIRONMENTAL HEALTH CODE (MCEHC): CHAPTER VI, BATHING PLACES – PUBLIC AND SEMI-PUBLIC SWIMMING POOLS** as authorized by ARS 49-112: County regulation; standards. This means that MCESD has established within the MCEHC additional rules and regulations for Public and Semipublic Pools and Spas. The main advantage of Maricopa County having its own rules is that it allows the County the flexibility to modify the rules to meet the ever-changing needs of the swimming pool industry. Maricopa County has updated its rules numerous times to meet the changing needs of the swimming pool industry.

As of June 23, 2010, the Board of Supervisors approved the following fees which will take effect on August 1, 2010
